

BRINGING **JOY & PURPOSE** TO ORPHANS

BUSINESS UPDATES FOR JUNE 2024

Introduction: In the month of June, Lifesong Farms received visitors from Tilmor in the USA. Tilmor is building and developing a variety of implements for planting, cultivation, harvest, post-harvest, and more, with the small farmer in mind. Dallas Steiner and Alex Kozel from Tilmor came to Zambia to see the work of Lifesong and look at how to support and partner with Lifesong through their focus on supporting smaller farmers and Kingdom work.

Twalima Farm & Nursery: At Twalima farm, there has been a great harvest of red and white onions that are now being sold. In addition, the cabbage and broccoli is being harvested.

Berry Farm: At the Berry Farm, we have experienced an increasing harvest of Strawberries that is supporting the increasing demand from our customers. In addition, the Blueberries are now being delivered to the customers.

With the increase of harvest at both Berry and Twalima farm, we are increasing our delivery schedule as needed. This also helps us increase our 'other products' sales. The customer demand for Lifesong products has increased and we are doing our best to support these requirements.

Discipleship Program: The discipleship of students at the farms has been on going as each class gets a chance to visit both the Berry Farm and Twalima Nursery. With each class, the Lifesong pastors are going through a biblical teaching that they have developed teaching the values and importance of work. The students are enjoying this special opportunity.

Lifesong Vision: Lifesong Vision has ongoing activity with the increase of sales of glasses. Multiple locations around Kitwe are being targeted. The opportunity for low-cost lens within the community is a blessing for those receiving. We hope to continue the marketing and increase sales accordingly.

As the development of the Lifesong sustainable businesses continues, we are excited to see and experience the development of each of the Lifesong students. God is at work.

*Thank you for your prayers and support.
Joe Marton*
