

BRINGING JOY & PURPOSE TO ORPHANS

ACADEMIC UPDATES FOR JULY 2024

Introduction: The month of July has been a period of significant activity and spiritual growth for Chipata Kawama, Garneton schools, and the Gap-Year program. This report highlights the key events and achievements that have shaped our schools program over the past month.

Sports Highlights: July brought significant achievements in sports for both Chipata and Garneton schools. Our boys' and girls' soccer teams displayed exceptional talent and teamwork in various inter-school competitions, while our netball teams also excelled, demonstrating strong competitive spirit and sportsmanship.

1750+ Children Served

Parent-Teacher Committee (PTC): Successful Parent-Teacher Committees were held at Chipata, Garneton, and Kawama, providing a valuable platform to communicate the schools' vision to parents and guardians and address any concerns. The meetings were well-received, with the community expressing excitement about the ongoing developments and the schools' dedication to fostering a supportive and enriching learning environment.

Gap-Year Program: The Gap-Year students participated in a transformative camp in Luanshya, focusing on character development, time management, and endurance. This experience not only tested their physical resilience but also emphasized the importance of teamwork and unity. They also had an outreach at St. Micheal Community school and engaged in teaching and mentoring younger students, further enhancing their leadership and instructional skills.

100+ Students in the Vocational Program

Discipleship Program: The discipleship program this month was marked by important spiritual growth within our Lifesong for orphans Ministry. The Director Dennis Delic, delivered a sermon that resonated deeply with the students at Faith Baptist in Chipata compound, emphasizing the importance of living a Christ-focused life and inspiring many to deepen their faith. Pastor Shadrick led a baptism ceremony for 12 students who publicly declared their faith. The following are their names: David, Fredrick, Shupiwe, Abigail, Fostina, Albertina, Esther, Gift, Grace Mutoya, Grace Mwila, Roydah, and Ruth. In addition to those baptized, we also celebrate the following students who gave their lives to God from Garneton school: Bornface, Faith, Joyce Nkonde, Dennis, Evans. These students have taken the first steps in their spiritual journeys, committing their lives to God.

Infrastructure Development: Exciting progress continues on the infrastructure development at Unity School. Under the leadership of our new construction manager, Teddy, ground preparation is well underway. The vision for the future of Unity School is steadily taking shape, and we are eager to see these plans come to life.

Health Update: This month, there was an influenza outbreak affecting several students. However, thanks to the prompt and diligent care provided by our school nurses, the situation was effectively managed. Ensuring the health and well-being of our students remains a top priority.
